

Dial Indicator, Lug Back

10mm, 0,01mm, IP64

Item number: 2046S-60

Description

Standard Type, 10 mm Range, 0,01 mm Graduation

This is a standard, metric dial indicator. It offers you the following benefits:

- Bezel clamp and lifting lever (optional) can be attached to either right or left side. They can be easily installed and removed without tools.
- No through screw holes on the frame and secure adhesion between the bezel and the crystal as well as the use of an O-ring prevents water or oil penetration.
